

# Puppet

## Ratcat

(S.DAY)

My puppet on a string,  
she says the strangest things.  
She says her wood is realy flesh,  
her strings attach to heaven in the sky.  
She dances on a string.  
She does the strangest things.  
She says her wood is realy flesh,  
her strings attach to heaven in the sky.  
Dance little doll dance.  
Go little doll shout.  
Twist little doll twist.
