

Somebody to Love (feat. Robin Thicke)

Leighton Meester

Paris, France to Michigan
London town and through Berlin
I can't believe this place I'm in
Everywhere and back again Porcelain and China dolls
Give me one, I seen 'em all
Got my back against the wall
Wonder where I'll be tomorrow? But wait, now how long could this take?
It's hard to find a mate when you're gone before he wakes
They say it's hard to achieve
But can't a girl believe? Is there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to love Baby girl, there you at
Looking at me like a putty cat
Wondering where that thing is at
Wondering where your ring is at Nobody ever did it quite like this
Nobody ever did it quite like you
Do your hair, I bought you shoes
We can hit the town like superstars do You want love?
Then let me show you love
Give me the key to your heart
I can give you what you want When you're waiting around
And you're lookin' for someone
I'ma turn you right to the way to a woman Is there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to love Is there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to love Je t'adore, je t'adore
Make a move, do the thing
Turn around, strike a pose Je t'adore, je t'adore
Make a move, do the thing
Turn around, strike a pose Ooh, I like it
Ooh, I need it
Ooh, I want it
Hey, hey I know it's hard to achieve
But can't a girl believe? Is there somebody who still believes in love?
I know you're out there

There's got to be somebody, I search around the world
But I can't seem to find somebody to loveIs there somebody who still believes in love?
I know you're out there
There's got to be somebody, I search around the world
But I can't seem to find somebody to loveYou say hello, I say goodbye
Somebody to love
You say hello, I say goodbye
Somebody to loveAlright, somebody to love
Oh babe, somebody to love
Alright, somebody to love
