Magic In the Music

Linda Lewis

Mmm, oh come along with me
'Cause I want you all to see
Oh i know it's nothing new
But I'm just reminding you
Of all forgotten things
Have sleeping in your heartOh I got smiles and I got tears
And I'll let them loose for all to hear
'Cause there's magic in the music
(Magic in the music)
Won't you listen to my song?
Can you feel it?
Just as we realize we are true
Oh oh oh ohDa da da da da da da da
Da da da da (magic in the music)
Da da da (magic in the music)
Da da, da da, da da (magic in the music)
Da da da, da da da, da da
Da da da, da da da, da da
Da da da, da da da, da da
(magic in the music, magic in the)
Come along with me
I got something for you all to see
