# Dead Eyes

## Guadalcanal Diary

Death sweeps, across this place
Tombstones, for eyes replaced (replaced)
Lost time, unforgiving
Loathing for living(One glance)
Feel eyes fall (left behind)
Renounced
Forgive the past
Hope will ring true
Don't wait for too long
Dead eyes will haunt youIt's taking it's toll on you
Misshapen your soul's view
Feel dead while you're living
No one foreseeing(One glance)
Feel eyes fall (left behind)
Renounced
Forgive the past
Hope will ring true
Don't wait for too long
Dead eyes will haunt youTaking lives, overtaking
Hollow eyes, heart is breaking (x2)
Breaking (breaking)Forgive the past
Hope will ring true
Don't wait for too long
Dead eyes will haunt you(x2)
