

# World In Front of Me

[Kina Grannis](#)

Hear your breath beside me, in my bed  
All the sheets are tangled  
In my legs and as I stretch, the sun falls on me  
Gentle way to say "It's time to wake up"  
"It's time to wake up" To the world in front of me  
Watch as it unfolds so beautifully  
Fitting all the pieces perfectly  
It's the world in front of me Start your day with coffee, mine with tea  
Humming with my guitar  
As you read, I write a song  
The words are finally  
Assembling into this picture of things  
With all that they bring To the world in front of me  
Watch as it unfolds so beautifully  
Fitting all the pieces perfectly  
It's the world in front of me It's the world in front of me  
Watch as it unfolds so beautifully  
Fitting all the pieces perfectly  
It's the world in front of me It's the world in front of me  
Watch as it unfolds so beautifully  
Fitting all the pieces perfectly  
It's the world in front of me
