

Come Around

Sister Hazel

Sky fell down upon us and stole away my oxygen
And left me standing breathless there with you
The ocean wrapped around the sun, the smell of June
The taste of your tongue is all I'd ever need
I, well I wanna be clear
Well I needed you here
And I'm waiting you out
But you, you don't have a clue
And I'd drive right through
Oh to find you anywhere, yeah
Sky fell down upon us and stole away my oxygen
And left me standing breathless there with you
The ocean wrapped around the sun, the smell of June
The taste of your tongue is all I'd ever need
But you, you keep on waiting
For the sun to come around
And you, you keep on waiting
For something better, better off to come around
And you, well you, you wanted more time
So I gave you more time
Oh but I am the sun
That waits to come around
The sky fell down upon us and stole away my oxygen
And left me standing breathless there with you
The ocean wrapped around the sun, the smell of June
The taste of your tongue, is all I'd ever need
But you, you keep on waiting
For the sun to come around
And you, you keep on waiting for something better
Better off to come around
Whoa but you were a restless soul
Wheres the next best thing, well I'll wait for you
All my life wait for you to come around
Come around, yeah
Sky fell down upon us and stole away my oxygen
And left me standing breathless there with you
The ocean wrapped around the sun, the smell of June
The taste of your tongue is all I'd ever need
But you, you keep on waiting

For the sun to come around
And you, you keep on waiting for something better
Better off to come around
Come around, keep on waiting
You're better off to come around
Come around, come around
