

My Messiah

Richie Kotzen

Lie to the fall apart
Ain't no cure for the suicide man
No more prays for the faithless
And you can save me
Baby come and save me Oh! Yeah!
You may be my messiah
I could be trippin when sleeping
But I want your soul There! Yeah!
I Know you, my messiah
You may be quit
You not a superman
I want your soul back I want your soul back Blood dripping from my eye
I'm not in tears for the suicide man
No more tears like a faithless
Oh baby, want me baby
want me baby
nothing and all Oh! Yeah!
You may be my messiah
I could be trippin when sleeping
But I want your soul There! Yeah!
I Know you, my messiah
You may be quit
You not a superman
I want your soul back Solo Oh! Yeah!
You may be my messiah
I could be trippin when sleeping
But I want your soul There! Yeah!
I Know you, my messiah
You may be quit
You not a superman
I want your soul back There! Yeah!
I Know you, my messiah
I could be trippin when sleeping
But I want your soul back There! Yeah!
I Know you, my messiah
You may be quit
You not a superman
I want your soul back
