

# How am I doin

## Dierks Bentley

It's strange to hear your voice  
I did not expect for you to call  
You wonder how I'm doin'  
How I'm holdin' up  
Since you did me wrong Well how am I doin' since you did what you done to me?  
I can't lie I sometimes cry when I think of how it used to be  
I keep my friends with me, I stay busy and I don't get much sleep  
Baby, that's how I'm doin' since you did what you done to me Well now wait one minute, I  
Failed to mention  
Those tears I cried, are tears of joy  
Because it was no fun there  
Under your thumb and  
Now that we're done I'm  
Gettin' right every night  
With every single ever-lovin' girl in sight, so How am I doin' since you did what you done to me?  
I can't lie I sometimes cry when I think of how it used to be  
I keep my friends with me, I stay busy and I don't get much sleep  
Baby, that's how I'm doin' since you did what you done to me Well when all my friends heard what a  
You know what you were they  
Took me out on the town  
But then I heard our song and  
I dance along but  
It felt all wrong cause  
She was sweet, she let me lead  
She never took her ever-lovin' eyes off me so How am I doin' since you did what you done to me?  
I can't lie I sometimes cry when I think of how it used to be  
I keep my friends with me, I stay busy and I don't get much sleep  
Baby, that's how I'm doin' since you did what you done to me Well I don't know what you were thinkin'  
Runnin' round on me  
Now you say you're sorry  
Well honey I agree...so How are you doin' since you did  
What you done to me  
Girl don't lie you know you cry  
'Cause you know how good it used to be  
Yeah, tell me does the thought of  
Losin' my true love make it hard to sleep, baby  
How are you doin' since you did  
What you done to me Yeah how are you doin', now that you know  
How I'm doin' since you did

What you done to me
