Unique

Regina Lund

And you were born original
died as a copy of your own dreams
Unique you are
from dust till dawn
the sun will shine
and you will too

You think its all over
you think no-one cares
you think you are nothing
But i know unique
you are original
And when we go we're copies

Copies of our own dreams
copies of our own dreams

(instrumental break)

You think its all over
you think no-one cares
you think you are nothing
But i no unique
You are original
we all will go and when we do
Unique, we are
from dust till dawn
and when we go we're copies
copies of our own dreams,

copies copies copies unique, ect.
(blend until near end)

Copies of our own dreams
Unique
