

Forget About It

[Alison Krauss](#)

Forget about it, I'm admittin' I was wrong
And I'll just take what's mine and walk right out the door
Forget about it, I'll split and I'll be gone
And you'll have memories you'll find hard to ignore 'Cause after all I see you sometime
Maybe when I can't recall how you drove me crazier
Forget about it when forever's over
I won't remember how much I loved you anymore Forget about it, put me out of your head
Now that you're free and easy out there on the town
Forget about it when you're lying in bed just wishing
I was there to lay you down 'Cause after all I see you sometime maybe
When you will recall how I drove you crazier
Forget about those starlit nights
Laying by the fireside, holding me tight
I can't remember when I felt so right, so just forget about it Forget about it when you see me on the street
Don't wink, don't wave, don't try to tease me with your smile
Forget about it, if we chance to meet somewhere
Don't think it's cause I'm trying to reconcile 'Cause after all I see you sometime maybe
When I can't recall how you drove me crazier
Forget about those starlit nights
Laying by the fireside, holding me tight
I can't remember when I felt so right, so just forget about it
