

# Christmas Card

[Marvin Sapp](#)

Christmas cards, Christmas cards  
I love to see the pretty Christmas cards  
Bringing you sweet regards  
Wishing you the best of happiness Love to write to someone I'm thinking of  
Love to write to the place and folks I love  
Love to send them a message of good cheer  
With words sincere  
When Christmas is here  
Oh Christmas cards, Christmas cards  
I love to see the pretty Christmas cards  
Bringing you sweet regards  
Wishing you the best of happiness Little cards with their trees all dressed in snow  
Little cards with their friendly fires aglow  
Little cards with their lovely winter scene  
When all the world is sweet and serene Oh Christmas cards, Christmas cards  
I love to see the pretty Christmas cards  
Bringing you sweet regards  
Wishing you the best of happiness Every card in it's little envelope  
Bares a wish and a greeting of good hope  
And the love with a card I send is true  
And I'll renew  
Each Christmas to you  
Oh Christmas cards, Christmas cards  
I love to see the pretty Christmas cards  
Bringing you sweet regards  
Wishing you the best of happiness  
Wishing you the best of happiness
