Kel Valhaal

Liturgy

Kel Valhaal lives in a constellation of gears divided
Partitioned eternally by horizons
The absolute the undifferentiated
Which has no divisions
no time no extension
Plain colloquy
Aesthetic emergency
Glowing like halogen
Bottle of oxygen
Ideas like meteors
Crush thermometers
Vascular furniture
Saying oracular
You're too good for her
Chains stability
Insensitivity
Cluttered infinity
Bombshells over the cities
Attention to detail
Projectile
Of the messianic astonishment at the prosaic
Turned away from the project established by Muriel and Jain
Pain is the product of pain and the definition of evolution
Because repetition isn't revolutionary
Kel Valhaal lives in a constellation of gears divided
Partitioned eternally by horizons
The absolute the undifferentiated
Which has no divisions
no time no extension
