

One Day

Jamelia

Now baby, just take the time to listen to me, yeah
I'm tired of you talking but how you're gonna do your best
To try and make it up to me
Now if you can't see that I love you then you ain't looking my way
If you don't know that I need you
Oh baby, just take the time to listen to me, yeah One day you're gonna call my name
And I won't come running
Maybe then you realize that I
Don't think you're worth my love you're gonna lose One day you're gonna call my name
And I won't come running
So don't act like you're surprised
No more lies in all the tears I cried you should a seen it coming I know we ain't lost the loving
That we once had I know it's there somewhere
But what can I do when you
Acting like you just don't care I still believe you're the one for me
And nobody else you can't deny
You feel the same way oh baby, just take the time
To listen to me yeah, 'cos one day One day you're gonna call my name
And I won't come running
Maybe then you realize that I
Don't think you're worth my love you're gonna lose One day you're gonna call my name
And I won't come running
So don't act like you're surprised
No more lies in all the tears I cried you should a seen it coming Tell me you'll make that change
Show me your love still stands
It remains for me
You've had time enough to show me all these things Don't you dare think that I
Won't leave you with no one by your side
Had a fool, long enough but she's gone and gotten tough
And she won't come running One day you're gonna call my name
And I won't come running
Maybe then you realize that I
Don't think you're worth my love you're gonna lose One day you're gonna call my name
And I won't come running
So don't act like you're surprised
No more lies in all the tears I cried you should a seen it coming One day you're gonna call my name
And I won't come running
Maybe then you realize that I
Don't think you're worth my love you're gonna lose One day you're gonna call my name

And I won't come running
So don't act like you're surprised
No more lies in all the tears I cried you should a seen it coming One day you're gonna call my name
And I won't come running
Maybe then you realize that I
Don't think you're worth my love you're gonna lose One day you're gonna call my name
And I won't come running
So don't act like you're surprised
No more lies in all the tears I cried you should a seen it coming
