

Dream Lover

Liz Hogue

I know we write
each and every night
A ticket to ???
you're handsome and delicious
Your love is true
faithful through and through
You'd never ever hurt me
I don't ever have to worry
I don't want to fake it
but I just don't want to wake up
dream lover

know you satisfy me
but I need you here beside me
dream lover

I spend all my time
one thing is on my mind
my love is your possession
you've become my one obsession
I'm calling you
I'm always running through
You've captured my devotion
I'm filled with such emotion

I don't want to fake it
but I just don't want to wake up
dream lover (dream lover)

though you satisfy me
oh I need you here beside me
dream lover

I'd come running to you
if I found you
like fantasy of truth
I'll be building a ??? around You

Where are you love
I'm yearning for your touch

I'm ready and I'm waiting
for the love we'd be creating
Your love is true
faithful through and through
You'd never ever hurt me
I don't ever have to worry
I don't want to fake it
but I just don't want to wake up
dream lover (dream lover)

although you satisfy me
boy I need you here beside me
dream lover (dream lover)

hooo hoo hooo
dream lover (dream lover)
dream lover
I need you here beside me
I need you ooooh dream lover
(dream lover) (loverrrrrrrrr)

I don't wanna fake it
but I just don't want to wake up
dream lover (dream lover)
dream lover

although you satisfy me
but I need you here beside me
dream lover (dream lover)
hooo hoo hooooooo
dream lover (dream lover)

dream lover (dream lover)
dream lover (dream lover)(dream lover)
dream love

oh I'm yearning for your touch
I'm yearning for your touch
dream lover (dream lover)dream lover

dream lover (dream lover)

I don't want to fake it
but I just don't want to wake up
dream lover (dream lover)

although you satisfy me
oh I need you here beside me
dream lover (dream lover) dream lover

I don't want to fake it
but I just don't want to wake up
dream lover (dream lover) dream lover

dream lover

although you satisfy me
but I want you here beside me
dream lover (dream lover)

I don't want to fake it
but I just don't want to wake up
dream lover (dream lover)
