Move On

David Jordan

Advisory - the following lyrics contain explicit language:

Mooooove on, Mooooove on
doop doop, doop doop be doo doo doo
doop doop, doop doop be doo doo doo
Mooooove on, Mooooove onWhen we met, we were cool, we were just fine
Now you're acting strange and obsessively
Hide my things cause you don't want me to leave you
Take my phone, credit cards and my hou-ouse keys
You think that I don't know you're stalking me
It's about time that you get the hell onRight that's it I've had enough
I've caught you out, I've called your bluff
now Mooooove on, Mooooove on
Knew that i would catch you out, no longer want your ass about
Mooooove on, Mooooove on
doop doop, doop doop be doo doo doo
doop doop, doop doop be doo doo doo
Mooooove on, Mooooove onHow much more of me do you want like
Say you're a troubled soul and you never sleep [without me]
There's only so much I can do
Before I end up hating you
You think I can't ignore the lies you tell
That's on your conscience nowRight that's it I've had enough
I've caught you out, I've called your bluff now
Mooooove on, Mooooove on
Knew that i would catch you out, no longer want your ass about
Mooooove on, Mooooove on
doop doop, doop doop be doo doo doo
doop doop, doop doop be doo doo doo
Mooooove on, Mooooove on
doop doop, doop doop be doo doo doo
doop doop, doop doop be doo doo doo
Mooooove on, Mooooove onTime to let me go cause I don't want you for sure
Don't want you snooping around my back door

Don't want you on my phone why you won't leave me alone
I can't take no more, read my lips its overRight that's it I've had enough
I've caught you out, I've called your bluff now
Mooooove on, Mooooove on [Move on]
Knew that i would catch you out, no longer want your ass about
Mooooove on, Mooooove on
doop doop, doop doop be doo doo doo
doop doop, doop doop be doo doo doo
Mooooove on, Mooooove onRight that's it I've had enough
I've caught you out, I've called your bluff now
Mooooove on, Mooooove on [Move on]
Knew that i would catch you out, no longer want your ass about
Mooooove on, Mooooove on
