

Remember, Pt. 2

Keyshia Cole

All the things you said
I gotta get you out my head
'Cause you're tryin' to make me believe
That you're the only one for me yeah
Something don't seem right though
'Cause we argue all the time and we fuss and fight
It just don't seem worth it
Even though we have so much on the line
Family keeps tellin' me
It'll be okay one day
But it just don't seem right no
Do you remember? Everything that you told me
Everything you said we'd be
Don't you remember
Don't you remember?
Everything that you told me
Everything you said we'd be
Don't you remember
Don't you remember?
And I baby
Just can't take no more
It's not meant to be
Before I leave gotta tell you And I know we gotta a lot of things on the line
Like I said it don't seem right
Things ain't weighing out
Things ain't addin' up, baby
I don't know if I even miss you
Don't wanna kiss you
How could you love somebody else
And everything just changing, oh oh
Oh oh
I don't even know if you remember all things that you told me Everything that you told me
Everything you said we'd be
Don't you remember
Don't you remember?
Everything that you told me
Everything you said we'd be
Don't you remember
Don't you remember?

And I baby
Just can't take no more
It's not meant to be
Just not meant to be, ey (don't you remember?)
