

# Smile Like An Angel

**Dennis Brown**

Whoa, yeah, yeah, whoa your smile  
Whoa, your smile, yeah Your smile like an angel  
Just let your smile be bright like a star  
And your eyes be bright like a starlight  
That peeps out of the sky by night Do good as you do good to me  
Before we were a true  
And that you'll always love me forever  
Yeah, as I see you in my dreams  
Whoa, whoa yeah  
I'll follow you always  
Right to the end of the world I'll follow you, I'll follow you all the way  
Like the rain follows the rainbow, whoa, oh, yeah Whoa, your smile, yeah, oh yeah Yeah  
Whoa-whoa-whoa yeah, ooh  
Ooh babe, your smile, yeah  
I'll follow you all the way, yeah  
Right to the end of the world, yeah Your smile like an angel  
So just let your smile be bright like a star  
And your eyes be bright like a starlight.
