No More

[Heidi Montag](#)

You tried, boy
You tried to blame it on me
At first it worked I was feeling so guilty
You said, you said, I was the reason why
We couldn't work out but that was all a lie
You never gave me what I gave you boy
But it's your loss 'cause you made the choice to walk out
But you want me back around
I wish that I never loved you never loved you
I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more
You made me, made me think we had something real
But then you tried to use the way I feel against me
Make me a yes girl you tried to do
Had to free myself 'cause I can't let you
Get the best of me no more misery
Had to free myself 'cause you're not the one for me
And I bet you wish you had my love again
I bet you wish you never made that decision
'Cause now you want me back
I bet you want me back
But when I cry myself to sleep
Tell me, where are you at?
I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but

Now I'm better off
No more bad days

Don't need you to validate me
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more
I did everything you asked me to
But nothing was good enough
And baby we're through
You act so arrogant, you act like you're heaven sent
And I'm not gonna let you get the best of me
Best of me, best of me, best of me, best of me
I'll find someone who loves me for me, for me
Loves me for me, loves me for me, loves me for me
I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more (I don't need you)
No more
I should have never let you have my heart
You made me not want to feel again
Made me scared to open up, but
Now I'm better off
No more bad days
Don't need you to validate me
No more (I don't need you)
