Johnny Marble

Dirt Farmer

Johnny Marbel was a real country man
His two black dolls the only friends he'd ever had
Satisfied by the gone of the day
50 v? and sweep or ran away
She's gonna break it
She's gonna break it to you
She's gonna break it
She's gonna break it to you
Johnny came home and so the back door opened wide
Never loved really it's broken heart inside
Little john you no longer need me
He found a man and the loved what odd can be
She's gonna break it
She's gonna break it some too
She's gonna break it
She's gonna break it to you
