

Metal (Demo Version)

Gary Numan

We're in the building
Where they make us grow
And I'm frightened by
The liquid engineers
Like you. My Mallory heart
Is sure to fail
I could crawl around the floor
Just like I'm real
Like you. The sound of metal
I want to be
You
I could learn to be a man
Like you. Plug me in
And turn me on
Oh everything is moving. I need my treatment
It's tomorrow they send me
Singing 'I am an American'.
Do you? Picture this
If I could make the change
I'd love to pull the wires from the wall
Did you? And who are you
And how can I try
Here inside I like metal
Aren't you All I know
Is no-one dies
I'm still confusing love with need.
