

Machtkampf

Arch Enemy

Flying high on blackened wings
Vengeance in my eyes
Colder than steel instantly real
A new power flows through me Reaching out for something
Knowing that it's there somewhere All I had was all I gave
Was it not enough?
You took, you take
Never giving anything back Lead Michael Amott Bridges that I thought I crossed
Got to cross them all again
These paths that lead to nowhere
Mocked me all my life Make a change
Break the chain
Make a change
End this game Lead Michael Amott
Lead Christopher Amott Vengeance in my eyes
A new power flows in me
