After the Movies

Cursive

After the movies
In the parking lot
We stared so long
And you kissed me
With ripe young breath
So I kissed you
One night as foreverIn the movies
Well, they never had it so good
One moment
So infinite
On soft wet lipsAnd I miss you
Are you glad I'm finally gone?
I'm so sorry to hear that
I'm so sorry
I'm so sorryHave I hurt you?
I have hurt myself
These sad songs won't change anythingLove as fragile as a wineglass
It should have been forever
Love as fragile as a wineglass
It couldn't last forever
I'm so sorry
It couldn't last foreverI remember how we kissed
One night as forever
