What You Got

Colby O'Donis

KonvictI peeped you on the phone
Just showin' off your stones
And notice that that pinky ring
Is right enough, babyI know you're not alone
But I could just be wrong
The way them fellas houndin'
And sizin' you up, babyAnd I like the way you take advantage of
Every man you love
I see, I seem to know your game, girl
But I don't mind if you come and play with us
Just don't talk too much
I see, I see it to so you don't have to say a wordYeah, those guys wanna come treat you right
Cause you're sweeter than apple pie
Everythin that you want you got
Girl, you know that you need to stopMost beautiful thing in sight
Always takin' on the spotlight
Always in the club lookin hot
Girl, you know that you need to stopAlways talkin' bout what you got
Always talkin' bout what you got
Always talkin' bout what you got
Girl, you know that you need to stopAlways talkin' bout what you got
Always talkin' bout what you got
Always talkin' bout what you got
Girl, you know that you need to stopGirl, I can tell you want somethin to love
That's why you hold on to everythin that pass you by
Can't resist girl and I can't lie
Now tell if you are here for me
Or everybody watchin' you shake from left to right
The way you move got me hypnotizedThe way you take advantage of
Every man you love
I see, I seem to know your game, girl
But I don't mind if you come and play with us
Just don't talk too much
I see, I see it to so you don't have to say a wordYeah, those guys wanna come treat you right
Cause you're sweeter than apple pie
Everythin that you want you got
Girl, you know that you need to stopMost beautiful thing in sight
Always takin' on the spotlight
Always in the club lookin hot

Girl, you know that you need to stopAlways talkin' bout what you got
Always talkin' bout what you got
Always talkin' bout what you got
Girl, you know that you need to stopAlways talkin' bout what you got
Always talkin' bout what you got
Always talkin' bout what you got
Girl, you know that you need to stopCant take my eyes away from you, girl
When you get on the floor and do what you do
And everybody wanna come back to that bod
And kind of remind myself I'm like youCause youre the type that drive a man crazy
And snatch him away from his lady
No matter how hard the man hold back
He'll end up callin' you, babyAnd they never really know what to do
Once you expose that thang you do
You had him crawlin' on hands and knees
And you find a way to get him out that cheeseAnd why ya thinkin' that you the only dude
She off in the mall livin' off of you
Lettin' everybody know she got you
But now you feel like a foolSee all those guys wanna come treat you right
Cause you're sweeter than apple pie
Everything that you want you got
Girl, you know that you need to stopMost beautiful thing in sight
Always takin' on the spotlight
Always in the club lookin hot
Girl, you know that you need to stopAlways talkin' bout what you got
Always talkin' bout what you got
Always talkin' bout what you got
Girl, you know that you need to stopAlways talkin' bout what you got
Always talkin' bout what you got
Always talkin' bout what you got
Girl, you know that you need to stop
