

# I Want You (Youandewan Version)

## Huxley

I want you  
You aint got to wonder  
I can bring the summer  
I want youYou can hold me baby ain't no ifs or maybes  
I want you  
We can let them talk don't care what they say  
Never get my love like you got it babe  
I want youWhisper lies heard a 1000 times  
But our word don't mind  
Our loves a different kind  
I want youYou aint got to wonder  
I can bring the summer  
Hold me baby lover  
I want youYou can hold me baby ain't no ifs or maybes  
You gonna drive me crazy  
I want you  
We can let them talk don't care what they say  
Never get my love like you got it babe  
I want youWhisper lies heard a 1000 times  
But our word don't mind  
Our loves a different kind  
I want you
