Bored 'til Death

Murderdolls

I'm making a list
Of who shouldn't exsist
And everyone's name is at the top of my list
Run Motherfucker run and hide
Nothing you can do to save your life
Staring at the noose in front of you
Wrapped around your neck until' you're cold and blue
And I've got an obssession with Smith & Wesson Yeah Yeah
Got a bullet, and a trigger, and a target on your head
Right between the eyes you're better off dead
Bored til death
Nothing to lose
Gonna put a motherfuckin bullet in you
Sick of your lies
And all of your shit
The thought of you living makes me
I'm making a list
I'm checking it twice
Gonna find out
Who's naughty or NICE!
Run Motherfucker run and hide
Nothing you can do to save your life

Staring at the noose in front of you
Wrapped around your neck into you're cold and blue
And I've got an obssession with Smith & Wesson Yeah Yeah
Got a bullet, and a trigger, and a target on your head
Right between the eyes you're better off dead
Bored til death
Nothing to lose
Gonna put a motherfuckin bullet in you
Sick of your lies
And all of your shit
The thought of you living makes me
Solo
and I've got an obssession with Smith & Wesson Yeah Yeah
Got a bullet, and a trigger, and a target on your head
Right between the eyes you're better off dead
Bored til death

Nothing to lose
Gonna put a motherfuckin bullet in you
Sick of your lies
And all of your shit
The thought of you living makes me Siiicck!
Ooh
