

Into You Like a Train

Jawbreaker

No kind of love
No kind of love I don't wanna make no scene
Lovers come and go Or make you mrs. anyone
Or make you mr. me I'm into you like a train Into you like a train
Into you like a train
Yeah fall in love
Yeah fall in love I don't wanna tape you down
Or shack you up with me
Or get into your mind
Or put you where the flowers go I'm into you like a train Into you like a train
Into you like a train
Now fall in love
Yeah fall in love If you believe that anyone
Like me within a song
Is outside it all
Then you are all so wrong If you believe that anyone
Like me within a song Would try and change it all
Then you have been put on I'm into you like a train
Into you like a train
Into you like a train
Yeah fall in love
Yeah fall in love No kind of love
No kind of love I don't wanna wear no side
Or complicate it all
Or celebrate your prettiness
And kick you in it all I'm into you like a train Into you like a train
Into you like a train
Yeah fall in love
Yeah fall in love If you believe that anyone Like me within a song
Would try and change it all
Then you have been put on
So wrong Into you like a train
