## **Magic Fields**

## **X-Perience**

i've met the strangers at a place more than a million miles away they were so nice, so full of grace i know they came from far away now i'm walking on magic fields i see the world is the only place to be they took me to a foreign place and then they thougt me to be strong they told me not to go away even if anything goes wrong i love the world i wouldn?t leave all the places we were born i wait at midnight to receive a final sign of their return
