Shadow of a Doubt

Roxette

I heard your heart
You held it close to me
The wild embrace, the silent sea
A whisper of imagery for Lovers SupremeBut now, I'm lost in the crowd
No shadow of a doubt
It's all over now
No shadow of a doubtYou changed the dream
You changed the scenery
The tender touch, the urge to breathe
There under a love lit sun
What's lost could be foundBut now, no trace of a sound
No shadow of a doubt
I'm far away bound
No shadow of a doubtBut now, I'm lost in the crowd
No shadow of a doubt
It's all over now
No shadow of a doubtNo trace of a sound
No shadow of a doubt
I'm far away bound
No shadow of a doubt
