Open Your Eyes

Dwele

I see you in a lonely place
How can you be so blind?
You're still regretting the love you left
Left behindOh darling, I see you go through your changes
Sitting alone each night
Are you expecting to find the love?
Love that's rightWell darling, open your eyes
And let me show you the light
Girl, you'll never find the love that's right
Well darling, open your eyes
And let me show you the light
Girl, you think you're so wise, you're so wiseThere are times when you need someone
I will be by your side
I'll take my chances before they pass
Pass me byOh, there is a light that shines
Special for you and me
You need to look at the other side
You'll agreeBut darling, open your eyes
And let me show you the light
Girl, you'll never find the love that's right
Darling, open your eyes
And let me show you the light
Girl, you'll never find the love that's rightDarling, open your eyes
And let me show you
You will never find the love that'sDarling, open your eyes
And let me show you the light
Girl, you think you're so wise
You may never find the love that's rightOpen your eyes
Baby, baby
Mothers and sisters and lovers
Keep your eyes up to the skies
Higher, higher, higher
