Love Attack

Louisa Florio

You hit me with a body blow
You hit me fast, then you hit me slow
You knock me out with the way you look
You have me hanging, baby, on your hook
I think about you all day and all night
My friends all swear I'm going insane
Now I don't care who is wrong or who's right
'Cos you're the cure for my pain
I'm coming down with a love attack
I surrender, I can't turn back
Coming down with a love attack
Stay with me the rest of my life
Lay a little love on me
You don't know what you've done to me
You hit me hard, but you still can't see
I need your love every single night
I don't know why it feels so right
I got the fever, I sure got it bad
You touch me and my heart catches fire
I can't find it, you're driving me mad
You send my temperature higher
I'm coming down with a love attack
I surrender, I can't turn back
Coming down with a love attack
Stay with me the rest of my life
And make a little love
Every thought seems to lead to you
I can't decide what I'm gonna do
There's only one thing that can put this right
I'm gonna tell you how I feel tonight
I got the fever, I sure got it bad
You touch me and my heart catches fire
I can't find it, it's driving me mad
You send my temperature higher
I'm coming down with a love attack
I surrender, I can't turn back
Coming down with a love attack
Stay with me the rest of my life
I'm coming down with a love attack

Coming down
I'm coming down, there's no turning back
Coming down
I'm coming down with a love attack
I surrender, I can't turn back
Coming down with a love attack
Stay with me the rest of my life
I'm coming down with a love attack
I surrender, I can't turn back
Coming down with a love attack
Stay with me the rest of my life
I'm coming down with a love attack
I surrender, I can't turn back
Coming down with a love attack
Stay with me the rest of my life
