Come and dance with me, till the morning night
We're gunna be the way that a man and girl sappossed to be
Hey babe, I got the feeling, that we gone be together for awhile

We got something going on

We gone party on and party on and party on (2x)

Do you wanna be my babe?

The night was made for me and you babe
Hey babe, I got this feeling, that we gone be together for awhile

We got something going on

We gone party on and party on and party on (2x)

Girl you gone see, you and me together for a while
Girl you gone see, you and me true loving babe (2x)

No no no no no no no no
