

# Decision Making

## Hangnail

It happens every single time  
Just when I thought all is well  
I'm either wrong or just not right  
Seems I'm never good enough Look at me I am trying hard as can be  
To be the person that my sovereign maker wants me to be  
Can't you see all I want for His will to be done  
Decision making is not my own A selfish one way thinking mind  
Can only make feelings of pain  
An open heart goes hand in hand  
With bringing problems to an end Look at me I am trying hard as can be  
To be the person that my sovereign maker wants me to be  
Can't you see all I want for His will to be done  
Decision making is not my own
