

# Right Time

Alice Martineau

You know.. sometimes it's hard to let go  
But I know what I want.. and it's you  
There's something inside, there's something I feel..  
Tells me it's not fiction all I know it's real  
Something in you, something I see..  
Makes me feel no longer incomplete  
Take me, your arms here tonight.

I am yours.. you are mine  
And i'm hoping that you're the one I need..  
For you baby there's a vancancy  
You caught me at the right time, and now my heart is racing..  
To the music and it won't slow down  
You caught me at the right time, and now my heart is racing..  
And no telling where it might take me now  
You caught me at the right time, and now my heart is racing..  
To the music and it won't slow down  
You caught me at the right time, and now my heart is racing..  
And no telling where it might take me now  
You caught me at the right time..

And my heart is racing  
Take me with you, meet me your way  
If your ready tonight I wanna play  
See how it feels how we do, now that I am right here alone with you  
Take me, your arms here tonight.

I am yours.. you are mine  
And I am hoping that you're the one I need..  
For you baby there's a vancancy  
You caught me at the right time, and now my heart is racing..  
To the music and it won't slow down  
You caught me at the right time, and now my heart is racing..  
And no telling where it might take me now  
You caught me at the right time, and now my heart is racing..  
To the music and it won't slow down  
You caught me at the right time, and now my heart is racing..  
And no telling where it might take me now  
You caught me at the right time, and now my heart is racing..  
To the music and it won't slow down  
You caught me at the right time, and now my heart is racing..

And no telling where it might take me now
