Plastic Magic (feat. Esther Stephens)

Home Brew

Sometimes I can't tell if I'm even alive (even alive)
Follow my nose trying to find some life in the dead of the night
(dead of the night)
And when the moon goes down
That's when my spell runs out
And I turn back into myself
And then the sun comes out
That's when my heart comes down and I go back into my shellPlastic Magic
Acid flash back to reality
Plastic Magic
Acid flash back to reality
I hear her knocking on my head again
I don't wanna let her in
But I can't get rid of her
I need my medicine cause I'm about to snap
Feel like I'm being interrogated
She's all in white
Lying in my bedroom mirror naked looking at me trying to seduce me
Mind playing bill with the Zeus me
Cup size 2CP
She tellin' me to come with the little Lucy
Keep beggin' me to tongue-kiss her telling me to take her
On some kind of nature
So we dance in the grass
While I got my hands on her wasted
Little gold digger asking to give a twenty
To sniff her, her friend let me lick her
I'm tryna kick it to the curb
Tell myself that less is more
But listen, less is pure
And in that case let's fucking let's get more
And let's get extra for the morning cause I need it now
She's all dressed in pink begging me to eat her out
And when it's gone
That's when I fall out the sky
Like the _____
And in the day
It lights up my face
And I remember who I am, again

And I follow my nose, doing all and now I got to hold him back
_____Now I finally know why they call it thatSo high don't ever want to come down, to the bottom
So high I'm too scared to jump now
So high don't ever want to come down, to the bottom
So high I'm too scared to jump now
So high don't ever want to come down, to the bottom
So high I'm too scared to jump now
So high don't ever want to come down, to the bottom
So high I'm too scared to jump now
So high don't ever want to come down, to the bottom
So high I'm too scared to jump now
So high don't ever want to come down, to the bottom
So high I'm too scared to jump now
So high don't ever want to come down, to the bottom
So high I'm too scared to jump now
