Wreckin' Ball

Girl Trouble

At any town, in any place.
You know her style, you see her face.
Don't misbehave, she'll treat you right.
Make one wrong move and, well she's uptight.

Well With that attempt to knock you out and shout just like a wreckin' ball of love,
Wreckin' ball of love.

The chain of hair, five hundred pounds.
She's swingin' out, and swingin' down.
Her beauty lies, within one curve.
Beware of her if, you've got the nerve.

Well, With that attempt to knock you out and shout just like a wreckin' ball of love,
Wreckin' ball of love.

I'm tellin' you, don't get in her way.
For she'll be here to say, now you're gonna pay.

It won't be long, till you're alone.
Within her kiss, a broken bone.
So heed these words, anywhere you go.
Beware of her and, her mighty blow.

Well with that attempt to knock you out and shout just like a wreckin' ball of love, wreckin' ball of love.

I'm tellin' you, don't get in her way.
For she'll be here to say, right now you're gonna pay.
