

Last Night

The Paul Butterfield Blues Band

Last night, I lost the best friend I ever had.

Last night, I lost the best friend I ever had

Now you gone and left me, that make me feel so bad
Well, now it's early in the mornin', and my love is comin'
down for you

Yeah it's early in the mornin', and my love is comin' down for you

I want you to tell me baby, baby what are we gonna do
I'm gonna wait 'til tomorrow

They tell me every day brings about a change

I'm gonna wait 'til tomorrow

They tell me every day brings about a change

I love you, love you babe, you know that is a crying shame
