

# Breeding Insanity

## No Warning

I'm right here, can you taste the glory?  
It's safe to say that you don't know me, end of story  
I am falling behind, I am losing my mind  
You won't help me so I kick you away  
The look in your eyes you don't have to say'Cause I will never be a part  
And I don't want to  
Feel like I should start  
Just to please youI'm reaching out  
The paranoia pointed my way  
Lay the blame on everyone  
The worst has yet to comeI've wanted this, it will be mine  
I'm takin' every single fuckin' ounce of time  
Every second is right, every move is a fight  
This won't leave me, this won't leave me alone  
The look in your eyes you don't have to say'Cause I will never be a part  
And I don't want to  
Feel like I should start  
Just to please youI'm reaching out  
The paranoia pointed my way  
Lay the blame on everyone  
The worst has yet to comeI hate this side of me  
Can't stand these aggravations  
Breeding insanity  
Can't help my disillusionmentsI hate this side of me  
End of all my hesitations  
Breeding insanity  
So I seek a solution'Cause I will never be a part  
And I don't want to  
Feel like I should start  
Just to please youI'm reaching out  
The paranoia pointed my way  
Lay the blame on everyone  
The worst has yet to come
