

# Nobody Knows

## Mike & The Mechanics

There is nothing wrong with me  
There's nothing wrong with you  
Maybe we're just blind to see  
Each other's point of view Nobody knows what we had  
Nobody knows what we had You could do much better  
You could do much worse than me  
I could have walked right out on you  
There was nothing stopping me Nobody knows what we had  
Oh, nobody knows what we had We were running out of passion, we were running out of time  
There's a face to fit the future, there's a face to fit the crime  
Now the truth is on the table and the ghost is plain to see  
There's nothing wrong with you or me, hey Oh, nobody knows what we had  
Nobody knows what we had I won't live in your world  
You can't live in mine  
We don't hate each other darlin'  
We just gave up trying And nobody knows what we had  
Nobody knows what we had  
And nobody knows We were running out of passion, we were running out of time  
There's a face to fit the future, there's a face to fit the crime  
Now the truth is on the table and the ghost is plain to see  
There's nothing wrong with you or me, yeah Maybe I'm not crying  
Maybe I don't mind  
But it hurts just knowing  
That your children won't be mine Nobody knows what we had  
Nobody knows what we had Maybe I don't mind  
(Nobody knows what we had)  
Maybe I'm not crying  
(Nobody knows what we had)  
'Cause nobody knows what we had  
(Nobody knows what we had)  
And nothing wrong, wrong with you
