

The Day and the Time (feat. Gustavo Cerati)

Shakira

Who's to say that we always have to agree?
I think we both can take this one mistake
Like some kind of amnesty Why to love and with such brutality?
We're compatible, maybe a bit too much
That's our ambiguity I've cried a thousand storms
I've blown away the clouds
The heartbeat of the sun is racing mine
I'm missing out, my heart is waiting This is the day and the time
I wanna believe
We may still have a chance We took a leap in the dark
And I can see now
How shadows have turned to light Well, we know how ephemeral are things
Disillusion takes what illusion gives
What's the use of make believe? The needles of the clock are moving right to left
Pretend we never heard of things we said
Like we've been dead and start all over This is the day and the time
I wanna believe
That we may still have a chance We took a leap in the dark
And I can see now
How shadows have turned to light, oh The heartbeat of the sun is racing mine
I'm missing out, oh This is the day and the time
I wanna believe
That we may still have a chance We took a leap in the dark
And I can see now
But shadows have turned to light Ah, the time
Ah, oh, ooh, ooh
Ah, ah, ah, ooh, ooh
Ooh, ooh, ooh
