

# Night of the Creeps

## Recover

It is summer  
I want to get stoned and fall in love  
We are sleeping giants  
Underground kings We are fiends  
This is night of the creeps  
Do you feel it when we dance  
World stands still, oh Damn us and our long hair  
Let's break in summer  
Sex and swimming, oh  
Almost crashed just to look at you  
Almost took enough to get me through Do you feel it when we dance  
World stands still, oh  
Do you feel it when we fuck  
World stands still, oh You're all I talk, you're all I need  
You're all I taste  
You're all I breathe  
Na na na na na na Do you feel it when we dance  
World stands still, oh  
Do you feel it when we dance  
World stands still, oh
