I Do Pt. 2

Toya

I stepped on the spot out my CLK
Just dropped some dollars
Cop some Prada
'cause I just got paid
I keep the dough
Stack the flows
Like it ain't no thang
And Arista is the label
That pays me
Got beats
That'll drive ya'll crazy
My shhhh is fly ya'll can plainly see
My hair be tight my nails be right
That's why ya'll hate on me
But while ya'll hatin fellas waitin'
To get in my face
Just take a sip on whatever ya'll drinkin'
Cop a spot on the floor, start freakin'
I do
Got the shhhh that'll straight entice you
Bob ya head make ya feel like
I do
If you think you can roll
Wit an iced out lady ballin' outta control
I do
Got the shhhh that'll straight entice you
Bob ya head make ya feel like
I do
If you think you can roll
Wit an iced out lady ballin' outta control
Arista is the label that pays me
Got the beats that'll drive ya'll crazy well
So what you doin' up in VIP
Red cardinal cocked
Fresh ghetto locks

And got your hands on me
The way you hold me boy
I know your likein' what you see

So now I'm feelin' what you bringin'
Pull the 2ways out be beamin
I do
Got the shhhh that'll straight entice you
Bob ya head make ya feel like
I do
If you think you can roll
Wit an iced out lady ballin' outta control
I do
Got the shhhh that'll straight entice you
Bob ya head make ya feel like
I do
If you think you can roll
Wit an iced out lady ballin' outta control
Arista is the label that pays me
Got the beats that'll drive ya'll crazy well
[Rap..]I do
Got the shhhh that'll straight entice you
Bob ya head make ya feel like
I do
If you think you can roll
Wit an iced out lady ballin' outta control
I do
Got the shhhh that'll straight entice you
Bob ya head make ya feel like
I do
If you think you can roll
Wit an iced out lady ballin' outta control
Arista is the label that pays me
Got the beats that'll drive ya'll crazy well
