Let's Go (Remix) [feat. GoldLink]

Khalid

Everybody two-step in the motherfucker, what
Two-step in the motherfucker, yeah
Everybody two-step in the motherfucker, what
Two-step in the motherfucker, everybody get up, yeahCan you feel this energy?
This is the start of something great
We might be a little late
Hey, but at least we're on our way
You got too much time to waste
Focusing on what people say
They might not like that we were right
But we're here to stayLeave your sorrow on the table
Pick up your worries and throw them out the window
You don't gotta let your friends know
There's so much trouble to get intoLet's go, let go
Let's go, let goI got a blacked out Chevrolet
You don't have a destination
Travelling where the wind will take us
That might be from place to place
Oh shit, I just graduated
I don't have any obligations
So let's have a little fun
Go 'head and drop all the relationsLeave your sorrow on the table
Pick up your worries and throw them out the window
You don't gotta let your friends know
There's so much trouble to get intoLet's go, let go
Let's go, let's go
So let's go, let's go
Let go, let's go
