

Gematria (The Killing Name)

Slipknot

12/08/73

That was all I got and now you got me All I ever really wanted was to take the blame

I will go down in history and not down in flames

Meningitis,

I will survive this,

Dry sockets and a schizophrenic crisis

The time of the nine has begun

Get out of the way or you will suffer as one This is so typical,

Apocalyptical,

Hanging on abysmal release,

Jesus,

I don't need this,

Don't wanna be this,

Icon in the making,

My hands are fucking shaking What if god doesn't care?

What if god doesn't care? Remember,

Surrender,

The time is now

Continue,

We're in you,

And we will burn your cities down America is a killing name

It doesn't feel or discriminate

Life is just a killing field

It's all that's left, nothing's real

Throw away your disposable past

And fall apart like a cigarette ash

We are the fatal and vital ones of the world

And we will burn your cities down What if god doesn't care?

What if god doesn't care? America is a killing name

It doesn't feel or discriminate

Life is just a killing field

It's all that's left, nothing's real

Throw away your disposable past

And fall apart like a cigarette ash

We are the fatal and vital ones of the world

And we will burn your cities down

Down, We will burn your cities down

We will burn your cities down We will burn your cities down

Feed the hungry, feed them shit

Feed them bones and politics
You wanna revolutionize?
Be specific and believe your eyes
Start a war in another backyard
And we'll destroy your house of cards
Give me a minute and I'll change your mind
Give me a bullet and I'll change your lifeRemember,
Surrender,
The time is now
Continue,
We're in you,
And we will burn your cities downAmerica is a killing name
It doesn't feel or discriminate
Life is just a killing field
It's all that's left, nothing's real
Throw away your disposable past
And fall apart like a cigarette ash
We are the fatal and vital ones of the world
And we will burn your cities down, down, down
We will burn your cities down, down, down
We will burn your cities down
America, what if "god" doesn't care?
