

Who's That Girl

Eurythmics

Who's that girl? The language of love
Slips from my lover's tongue
Cooler than ice cream
And warmer than the sun Dumb hearts get broken
Just like China cups
The language of love
Has left me broken on the rocks But there's just one thing
Just one thing
But there's just one thing
And I really wanna know Who's that girl
Running around with you?
Tell me, who's that girl
Running around with you? Tell me, who's that girl
Running around with you?
Tell me, who's that girl? The language of love
Has left me stony gray
Tongue tied and twisted
At the price I've had to pay Your careless notions
Have silenced these emotions
Look at all the foolishness
Your lover's talk has done Who's that girl
Running around with you?
Tell me, who's that girl
Running around with you?
Tell me, who's that girl? But there's just one thing
Just one thing
But there's just one thing Tell me, tell me
Who's that girl
Running around with you?
Tell me, who's that girl
Running around with you? Tell me, who's that girl
Running around with you?
Tell me, who's that girl
Running around with you?
