

# Crash Burn

## Blues Traveler

Gonna ride you  
Gonna ride you out like a witch on a broom, broom  
Gonna ride you  
Gonna ride you out like a witch on a broom, broom  
It's the old give and take and I've been took again  
So give me room I'm gonna watch you  
Gonna watch you fall like a tower of cards, cards  
I'm gonna watch you  
Gonna watch you fall like a tower of cards, cards  
Gonna land, gonna land, gonna land, gonna land  
No matter how hard, hard Oh crash burn, when will I learn  
Crash burn, when will I learn Crash burn, when will I learn  
Crash burn, when will I learn
