

Before This Night Is Through

BERG, Tim

I've been crazy for you so long
How could something so right turn out so wrong?
Words never mean what they say
Words just get in the way
Before this night is through
Gonna make you see how I been blind to you
And you been blind to me
Before this night is through we're gonna get to the truth
Before this night is through gonna heal the pain
Before this night is through you'll be back again
No matter what we do I know we'll be all right
Before this night is through
Hearts broken in pieces no time to mend
Without loving they fall apart in the end
Fools never admit they're wrong
They live their lives alone
Before this night is through
Gonna see how I belong to you
And you belong to me?
Before this night is through we're gonna get to the truth
Before this night is through we'll get past the pain
Before this night is through you'll be back again
No matter what we do I know we'll be all right
Before this night is through
Come inside, close the door, come to me now
We'll find our way we know how
Let the past be the past, let it all fall away
Baby, I know, I know we told lies and to lie is a sin
We'll get to the truth, we will simply begin
Before this night is through we're gonna get to the truth
Before this
night is through we'll get past the pain
Before this night is through you'll come back again
No matter what we do I know we'll be all right
Before this night, before this night is through, yeah
Before the night is through
Before the night is through
