

# Badass

## Saliva

I need you to hear this loud and clear  
The line in the sand is drawn and I have no fear  
When I see red all I need is a reason to set me off  
To drop this bomb and pick yourself off the ground 'Cause I'm a badass  
And you don't want to clash  
'Cause your mouth's writing checks that your face can't cash  
'Cause I'm a badass  
And this warning's your last  
You just crossed my path and I'll drop you fast 'Cause I'm a badass  
A badass  
'Cause I'm a badass  
A badass  
A badass Don't take this past the point of no return  
You don't want this kind of lesson learned  
When I see red all I need is a reason to throw it down  
To take you out and you will have no doubt 'Cause I'm a badass  
And you don't want to clash  
'Cause your mouth's writing checks that your face can't cash  
'Cause I'm a badass  
And this warning's your last  
You just crossed my path and I'll drop you fast 'Cause I'm a badass  
A badass  
'Cause I'm a badass  
A badass  
A badass I'm going to walk away from this  
And let it die than let it last  
Your pushing me telling me to change my soul  
And I'm gonna leave your body black and blue now 'Cause I'm a badass  
And you don't want to clash  
'Cause your mouth's writing checks that your face can't cash  
'Cause I'm a badass  
And this warning's your last  
You just crossed my path and I'll drop you fast 'Cause I'm a badass  
A gun ready to blast  
It's the wild, wild west and I'm fast as fast  
'Cause I'm a badass  
I'll put your face in the grass  
Don't test me boy 'cause I'll drop you fast 'Cause I'm a badass  
A badass

'Cause I'm a badass  
Take your best shot  
All you got  
Good luck 'cause I'm a badass 'Cause I'm a badass  
A badass
