Unison

Cybele

Some where tonight
We come alive
Two hearts ignite
We're one of a kind
Here we are undivided by
Anything just you and I
We've come so far no one else could ever
Steal away what we confide
Who wants to know?
We stick together we're never apart
Everybody knows who we are
Because we are one
We do it in unison
The look in your eye
The flash of your smile
Never too shy
Playin' ever so wild
Baby, here we are, I'm relying on
No one else but you and I
We've come so far, no one else could ever
Steal away what we confide
Who wants to know?
We stick together, we're never apart
Everybody knows who we are
Because we are one
We do it in unison, in unison
We come together and stronger we are
Just when the world can tear us apart
We go on as one
We do it in unison, unison
You and me as one
Stay together, unison
Stay together
Unison
Baby, here we are undivided by
Anything just you and I
We've come so far, no one else could ever
Steal away what we confide
Who wants to know?

We stick together, we stick together
We stick together, we're never apart
We stick together because we are one
We do it in unison
We stick together we're never apart
Everybody knows who we are
Because we are one
We do it in unison, in unison
We come together and stronger we are
Just when the world can tear us apart
We go on as one
We do it in unison, unison
We stick together we're never apart
Everybody knows who we are
Because we are one
We do it in unison, in unison
