

Impaired Vision (feat. Tink & Mikky Ekko)

Gorgon City

[Hook: Mikky Ekko]

And lately it's you

And lately it's you, you are all I see

And lately it's you, and lately it's you

And lately it's you, you are all I see[Verse 1: Tink]

You the one I need like church

You the one I want when I'm hurt

You the one I choose to confide in

So it really feels good when we talk, then you dive in

But you ride with me even if the tank's on E

You've peeped everything that the world doesn't see

And that to me means the world

You speak to me like a second language

I'm a fan of you, boy, like you already somebody famous

Me, I love you through the bad, the good, in the hills, in the hood

In the foreign or the sudden, baby, I'm devoted

Keep to your heart, tell me who's the one that hold it?[Hook: Mikky Ekko]

And lately it's you

And lately it's you, you are all I see

And lately it's you, and lately it's you

And lately it's you, you are all I see[Verse 2: Tink]

If I'm down on my knees and I'm on my last dime

I would hit you, the world doesn't spin when I'm with you

You know the last man cut me in my heart

So it was clear that I need you on my side like a pistol

Sorry if I'm bugging, this is not for nothing

I'm just dealing with a lot of repercussions

You continue from it

So we met up at the job on that Monday

And I knew we'd fall in love just some day

So we gave it a shot, no gunplay

Rode to the top like a stop on the New York subway

I suit you up just like a tuxedo

Your heart's where I feel most comfortable

It's more than a quick fling[Hook: Mikky Ekko]

And lately it's you

And lately it's you, you are all I see

And lately it's you, and lately it's you

And lately it's you, you are all I see[Hook: Mikky Ekko]

And lately it's you
And lately it's you, you are all I see
And lately it's you, and lately it's you
And lately it's you, you are all I see
