

# Summer Dream

## Diesler

La la la la la la, la la la la la, la la la la Summer dream  
La la la la la la, la la la la la, la la la la

Come on crew now energize the mic  
This is what you came for tonight  
Back on stage living for the hardcore  
You better take care 'bout the business on the floor

Shining like the sun in the early morning  
I spit rhymes 'pon the mic like a warning  
Shot from a pistol, a big bang  
Ring the alarm, 'cause your bells been rang

La la la la la la, la la la la la, la la la la Summer dream  
La la la la la la, la la la la la, la la la la Summer dream  
La la la la la la, la la la la la, la la la la Summer dream  
La la la la la la, la la la la la, la la la la Summer dream

When I chat 'pon the mic as a kind of expression  
Other mc's get a clinical depression  
I'll leave them needin someone from the medical profession  
Cause winning is my, my only obsession  
Come on time to really get grooving  
Get you all jumping, get you all movin'  
Rippin' up the mic, I love to run  
Rippin' it raw, I'm the number one yeah !

La la la la la la, la la la la la, Summer dream  
La la la la la la, la la la la la, Summer dream  
Yes !

La la la la la la, la la la la la, la la la la Summer dream  
La la la la la la, la la la la la, la la la la Summer dream

Shining like the sun in the early morning  
Gotta gotta get get, Gotta gotta get get,  
I spit rhymes 'pon the mic like a warning  
Get you all jumping, get you all movin'

La la la la la la, la la la la la, Summer dream

La la la la la la, la la la la la, Summer dream

La la la la la la, la la la la la, Summer dream

La la la la la la, la la la la la, Summer dream

La la la la la la, la la la la la, Summer dream
